EXPERIENCE HIGHLIGHTS

CodeLab, Lagos State, Nigeria

MERN Stack Software Engineer, January / 2022 – Present

Technologies: React, Redux, Vite.js, Recoil, Tailwind CSS, Postman, Node.js, Express, TypeScript, Docker, Prisma, MongoDB, SQL, Github, Chrome, Figma, Vercel, Firebase, RabbitMQ, Render

1. Collaborated with a team of five software engineers to build 5+ innovative solutions. [LyfeCare](#), [EcoFunds](#), [Dirt2School](#), [easyhR](#), [EcoBin](#).
2. Researched best practices and effective technologies to ensure productivity, efficiency, and client satisfaction.
3. Designed and developed Restful APIs using Node.js and Express.js, enabling efficient data retrieval and manipulation for the front-end.
4. Developed responsive and user-friendly front-end interfaces using React and implemented state management with Redux.
5. Recognized for leadership abilities, assumed increased operational duties upon the development of newer products; directed product development pace, designed and managed databases, designed codebase architecture, tested mobile and web apps, and managed app services and resources, as well as guided informed decision-making processes on technology usage for problem resolution.

Kclick, Lagos State, Nigeria

INTERN, January 2020 – December 2021

Technologies: Figma, HTML, CSS, JavaScript, MS SQL Server

1. Created visual designs, prototypes, designed icons, and developed a new navigation system resulting in an increase in user satisfaction.
 2. Conducted code reviews and participated in pair programming sessions to ensure code quality and adherence to coding standards.
 3. Partnered with three developers to complete a project to build a to-do application, A Blog website.
-

EDUCATIONAL BACKGROUND

Bachelor of Science in Computer Science from Lagos State University, Ojo, Lagos State, Nigeria, in 2023.

Coursework: Algorithms and Data Structures, System Analysis and Design, Concurrent Programming, Operating Systems.

Computer Science coursework completed at Adeniran Ogunsanya College of Education, Lagos State, Nigeria in 2021

Coursework: Advanced Computer Programming with C, Java

AWARDS & DISTINCTIONS

Winner of the Black Girls in Tech Hackathon, winner of the PowerHacks Green Tech 2023, and participant in the Africa Hackathon 2023

PROJECT HIGHLIGHTS

1. Led the development of 3 Innovative Application using the MERN stack named Lyfecare, Dirt2School, and Eco-Data
 2. Developed solutions using web scraping and microservices.
